Wednesday, Dec 08, 2021

09:00 – 10:00 Live screening of the Annual Forum

10:00 – 11:45 **Workshop: Mock company: Lead the change**

The students address one of the real-life challenges faced and create a solution that the Chemical Industry can offer. They also assign managerial roles within the group and create a mock company to then showcase and sell their solutions to the rest of the audience and the jury.

Workshop presenters:

Hasan Alkabeer, *Partner, BCG*

Stefano Castoldi, *Principal, BCG*

Salim Tamari, *Consultant, BCG*

11:45 – 12:45 **Workshop continued: Test your solutions**

The students after they have created a solution for real-life challenge faced, need to go to the exhibition area and try to sell their mock product and strike a fictional deal for its production or distribution.

12:45 – 14:00 **Networking lunch and prayer break**

15:00 – 16:30 **Workshop continued:**

The students will now present their mock products to a jury and give details about the fictional orders that they have received from GPCA exhibitor companies.
